WHAT DOES A SSIS STUDENT VALUE?

PERSONAL RIGOUR
We choose to be lifelong learners, each of us striving to be the best version of ourselves. We reflect on who we are and what is important.

PRINCIPLED
We choose to act with compassion and integrity; treating all people honestly and respectfully. We make decisions and take action based on what is fair and just; we stand up for what is right.

OPEN-MINDED
We choose to take different perspectives into account and consider all available evidence when forming opinions. We don’t jump to conclusions. We never accept values that show contempt to others, instead we ethically engage those that hold them.

THESE VALUES RESIDE AT THE HEART OF WHO WE ARE.
